

# Softcore, A Good Day To Laugh?

Maybe today  
It wouldnt be a good day to start laughing  
Youve made a decision  
That I am not going to accept  
I dont want to enjoy a single day  
Until know how are you  
It is so hard to know  
That I wont see you again anymore again  
December 22nd  
Beginning the end  
Your decision is already taken  
You put your life hanging by a rope  
Your tears no longer run  
I wonder if anytime  
You think the option about changing your opinion  
Where are you going now?  
I hope you find some peaceful place  
In which I could see you again  
Without fear to be happy  
Maybe today  
Im feeling fine  
But Im little sad  
I think Ive Got a hole inside my heart  
Time marches on  
But I will never forget  
This neverending friendship  
Aggro girl  
You left us without know  
All the pain we are feeling now  
Where are you going now?  
I hope you find some peaceful place  
In which I could see you again  
Without fear to be happy  
Where are you going now?  
I just want to find you  
And finally know  
If you want to get back here one more time  
And see the sunrise again
