Cut to the chase, you're a big disgrace  
With a skip and a beat and you're in this place  
If you'd have known better then you'd have written a letter  
Complaining all the time about the dull, rainy weather

I don't know if...this what you this what you've come for  
I don't know if...this what you're this what you're looking for

Go go away  
You know we've changed  
So much more than your playground  
You'll be safer stay uptown
