

# Solange, Look Good With Trouble (Ft. Kendrick L

Hey little heartache, skipping out of town and  
Let's stay out of trouble, you make it look good

Hey young heartache, you're looking kinda charming  
On the cul-de-sac, when nobody comes loop

Hey, little heartache, turn us to the highway  
Let's get into trouble, you make it look good

Hey young lover, first left on the Broadway  
Take me to the bridge but be sure to come look

Hey young heartache, you're looking kinda charming  
On the cul-de-sac, when nobody comes loop

Hey, young lover, turn us to the highway  
Let's get into trouble, you make it look good
