

# Sole, Never Thought I

(Intro)

Yeah, heh

You know it's funny

The more things change, the more they stay the same

I'm sittin', watchin' these things around me

People doubting me, people questioning me

But everything's falling into place

Yeah, everything in time, feel me?

1 - Never thought I'd be this fly, what

Never thought I'd be this tight, what

Never thought I'd have my time, what

Never thought you'd hear me rap, what

Everybody wanna a piece of my cut

That record deal got sour

It's a trip how people change in this game

But it's still the same

Repeat 1

Never caught behind, twist-ups of the mind

Why I can't bring that body ?

Flipped it last time, press rewind

Script it, that time, got ya mind

Boys wasn't wit it, had to recline

Laid back, fade back plenty of times

Tommy Boy's filled with plenty of rhymes

Back there niggas never called me fine

One of the guys that scouts the scene

Roughed up, stuffed up, left the scene

Y'all bitches wouldn't never believe

That their niggas was checkin' for me

Little girl, curls, that was me

Little world, swirls, that was me

Drama unfold, that was me

Drama fun, girls that was me

Scrawny little thing, as a child

Men would chuck, runnin' wild

Me called names?

Not allowed

Gotta be something that was vile

Wide eyed, cried, takin' 'em blowin'

Start ridin', cried, ??

Flip that, start lookin' for shows

Spit that, time I have to go

On the car 'round the block, runnin' with boys

Only girl got Slick McCoy

Had a little crush, name was Troy

Got a little rush, loved the joy

Bent adolescent tryin' to get down

? to wearin' a frown

Steady comin' up, wonderin' how

Never been as fly, so look at me now

Repeat 1

Repeat 1

Started growin' up, started to bloom

Same damn thing, chased out the storm

E-lay C-lay caught at noon

Write more, fight more, stay in my room

Gettin' with the wrong guy, never again

Get it from the wrong guy, never a friend

Try to go straight, world tryin' to end

No such thing, cuz I'm tryin' to mend  
Niggas try to see me, never before  
Bitches wanna be me, never before  
Niggas that would dis me, tryin' to score  
Bitches now jealous of me whore  
Heard they relay many of lines  
Got played, got laid many times  
Crushed inhibition, lookin' for signs  
Love didn't live here, it was blind

Repeat 1

&quot;Who's she?&quot; Everybody askin' me  
&quot;Who's she?&quot; Everybody ask to see

Came up, heads like destruct  
Write more, don't get stuck  
Write more, then make a buck  
Bitch can't be heard, ?or a thing?  
Been that shit, heard runnin' schemes  
Now I'm the hottest thing on the scene  
Straight line, got mine, know what I mean?  
Keep it on top, not a raid  
Hope it don't fly, masquerade..  
Myself from them days of play  
Stories like this that I relate  
Hopin' that, don't start to slip  
Hopin' that, can keep a grip  
Write rhymes that I can flip  
Mothafuckin' business, it's a trip  
Learned that life ain't a game  
Passed up, passed by, it's a shame  
Never let ya life go insane  
Time go by, it's chain  
Look up, look by, it remains  
Still be sittin' there, still complain  
Gold digger's dream ??  
Look up at the sky, say my name
