Soluna, Don't Want To Live My Life Without You

Here... We are...
Going back to the start
When I thought we've come so far
And I.. I try...
Tried to make you understand
I've done everything I can

Every night I'm losing sleep Tell me if I'm in too deep I'm going... crazy I don't know what I should do To fight the risk of losing you Baby.. Ay yi!

Don't Want to live my life Without you Can't go another night Without you Don't Want to live my life Without your Love Without your love Without your love

There you go
Hiding everything you feel
Too blind to see what's real
You.. Forgot...
Everything I was to you
The sun, the stars, the moon

I don't know what i've done wrong Tell me whats been going on Inside you... lately I just wanna do you right I cant go another night Baby... Ay yi!

Don't Want to Live my Life without you Can't go another night without you Don't Want to live my life without your Love

Without your love
