

SOMA, Venus girl

A falling star come to see the sunset
Never far from a distant place
Such a beauty, no one never felt the same
Your beauty make me insane

Venus, she's ma little Venus girl
Venus, she's ma little Venus girl
Venus, you can by my world
Venus, can you be my pearl?

In this world, miracles could happened
Make a wish I can bring it on
Such a beauty, no one never felt the same
Your beauty come and make my day

Venus, she's ma little Venus girl
Venus, she's ma little Venus girl
Venus, you can by my world
Venus, can you be my pearl?

Venus, she's ma little Venus girl
Venus, she's ma little Venus girl
Venus, you can by my world
Venus, can you be my pearl?
