

SOMI (□□□), What You Waiting For

Just tell me what you waiting for
Baby i've been waiting for you all this time
I am faded I am drunk and wasted

Tell me what you waiting for
Baby you already know
Just how i feel about you
But why you got me doubtin' you
Tell me who you waiting for

Just tell me what you waiting for
Baby i've been waiting for you all this time
I am faded I am drunk and wasted

Tell me what you waiting for
Baby you already know
Just how i feel about you
But why you got me doubtin' you
Tell me who you waiting for
