

Son Lux, This Is a Life (feat. David Byrne, Mitski -

This is a life
Free from destiny
Love only what we sow
Not only what we show

This is a life
Every possibility
Free from destiny
I choose you, and you choose me
Love only what we sow
Every space and every time
Not only what we show

This is a light
Many lives that could've been
Free from entropy
Entangled for eternity
Not only hands and toes
Not only what we've known

We find
This life
Somehow
Alright

This is a life
Slow and sudden miracles
View of other worlds
From our window sills
With the weight of eternity
At the speed of light
This is a life
This is our life
