

# Sonic Youth, Incinerate

I ripped yr heart out from yr chest  
Replaced it with a grenade blast

[Incinerate 4x]

Firefighters hose me down  
I don't care I'll burn out anyhow  
It's 4 alarm girl nothing to see  
Hear the sirens come for me  
You dosed my soul with gasoline  
You flicked a match into my brain

[Incinerate 4x]

The firefighters are so nice  
I remember you so cold as ice  
Now flames are licking at yr feet  
Sirens come to put me out of misery  
You wave yr torch into my eyes  
Flamethrower lover burning mind

[Incinerate 8x]
