

# Sophie B. Hawkins, Adrian

Not 'cause you're older  
Or 'cause you're better  
Although you're older and you're better  
Yes it's truly thrilling  
But also 'cause you  
Just let me love you

Adrian Adrian  
This is my first time  
So I hope you mean to love me well

I never looked for this  
I never asked for that  
No matter where I kiss your body  
Keeps on kissing me back  
It's good cause maybe you feel like  
I do and maybe

Adrian Adrian  
This is my first time  
So I hope you mean to love me well

Come down from your high chair  
And speak to me  
This complicated situation does not fade me  
All I wanna do is lie next to your heartbeat  
And I would wait forever on this dirty street for

Adrian Adrian  
This is my first time  
So I hope you mean to love me well
