

# Sophie Ellis-Bextor, Lover

I'm looking out  
I'm looking in  
I'm turning on and giving in  
I'm lying low  
I'm sinking  
I'm going undercover  
I'm gonna be your lover. Lover  
I'm getting up  
I'm getting down  
I want to move  
I've come around  
Look in my eyes  
I want you  
I'm going undercover  
I'm gonna be your lover  
I'm going undercover I'm gonna be your lover, lover, lover  
It's everyday  
It's every night  
it never sleeps it's always right  
it overtakes  
it's got me  
I'm going undercover I'm gonna be your lover
