

# Soul Coughing, Super Bon Bon

Move aside  
and let the man go through  
let the man go through  
Move aside  
and let the man go through  
let the man go through  
Move aside  
and let the man go through  
let the man go through  
Move aside  
and let the man go through  
let the man go through  
Through

If I stole  
Somebody else's wave  
To fly up.  
If I rose up  
Up with the avenue  
Behind me.

Some kind of verb.  
Some kind of moving thing.  
Something unseen.  
Some hand is motioning  
to rise, to rise, to rise.

Too fight that you must cut clean.  
You got to take the elevator to the mezzanine,  
Chump, change, and it's on, Super bon bon  
Super bon bon, Super bon bon.  
Too fight that you must cut clean.  
You got to take the elevator to the mezzanine,  
Chump, change, and it's on, Super bon bon  
Super bon bon, Super bon bon.

And by  
The phone  
I live  
In fear  
Sheer Chance  
Will draw  
You in  
To here.

Too fight that you must cut clean.  
You got to take the elevator to the mezzanine,  
Chump, change, and it's on, Super bon bon  
Super bon bon, Super bon bon.  
Too fight that you must cut clean.  
You got to take the elevator to the mezzanine,  
Chump, change, and it's on, Super bon bon  
Super bon bon, Super bon bon.  
Super bon bon, Super bon bon.  
Super bon bon, Super bon bon.  
Super bon bon, Super bon bon bon bon

Move up and let the man go let the man go  
Move up and let the man go let the man go  
Move up and let the man go let the man go  
Move up and let the man go let the man go through

Move aside  
and let the man go through

let the man go through  
Move aside  
and let the man go through  
let the man go through  
Move aside  
and let the man go through  
let the man go through  
Move aside  
and let the man go through  
let the man go through
