

# Soundgarden, All Your Lies

All your fears are lies  
All your fears are lies  
All your fears are lies

All your fears are lies

See through your  
Triplex, falling, limping, crawling,  
Biting, fighting, back from dying  
Endless ending, comprehending  
Nothing of the sin she's sinning

Loosely buying your cheating, your lying  
Will make it mine  
While never crying  
Corralled like a cat  
With my head in a sack  
And I feel like I'm tied to a railroad track
