

Soundgarden, No Wrong No Right

Watch for vipers and poison snakes
Feeling fingers make no mistake
Grabbing that pull your hair
Stealing everything there, everything

Restless widow in the dark
Carelessy looks for a spark
Near the trap fate rears its head
No hesitation, victim dead
Just from the start it's the end

And it's all the same in the end
It's all the same in the end

Spider moving up your wall
To the ceiling he slowly crawls
Weaves a web above your bed
Egg that cracks falls on your head
And it's all the same
It's all the same
No hesitation, victim dead
Just from the start it's the end

No wrong no right or guilt admission
It's all the same
You've been bitten, you've been bitten
