

# Soundtrack - Step up, Made

Uhh. Oh yeah, beautiful! Yeah,  
I've got this girl, and she's the only  
thing that can drive me insane  
I've got this girl, and she's the closest  
thing into fortune and fame.

And it's a crime to admit,  
that she is ten times a gift,  
my friend's she's hotter than shh...  
the sun is shining on me!

[Chorus]

Anybody got a something so fine,  
and the time's she's on my lips, Ohh.  
Anyone that knows the woman's a dime,  
come and sing it with courage, Whooh.

[Hook]

I got it Made in the sun baby,  
Made in the sun sugar,  
Made in the sun honey.  
I got this girl, and she don't give a dame,  
what you do or you don't.  
Wreck you're world, an take you by the hand,  
when you go on to strong, yeahh.  
She's like passing me some pain  
but she's one in the same,  
got my number and my name Ohhh!

[Chorus]

Anybody got something so fine,  
and the time's she's on my lips, Ohh.  
Anyone that knows the woman's a dime,  
come and sing it with the rich, Whooh.

[Hook]

I got it Made in the sun baby,  
Made in the sun sugar,  
Made in the sun honey.  
I got it made in the sun baby,  
Made in the sun sugar,  
Made in the sun honey
