

Spain, Easy Lover

Easy lover
What are you trying to say
Made love now we have to pay
Easy lover
What are you trying to do
Made love now we'll see this through
Easy lover
What is there left to see
Easy lover
Now you know what it takes
To satisfy me
Easy lover
It ain't so easy now
Love just works this way somehow
Easy lover
You know it has to end
Now we can't remain just friends
Easy lover
What is there left to see
Easy lover
Now you know what it takes
To satisfy me
