

# Spain, Our Love Is Gonna Live Forever

Tonight's the night  
That we're alone  
So baby turn the lights down low  
Girl our love is gonna live  
Forever  
All it took was just  
One kiss  
You're the one I'm gonna miss  
Girl our love is gonna live  
Forever  
Soon we will be far apart  
But girl you've gone and  
Touched my heart  
And tomorrow  
I'm gonna love you  
Just like I do today  
Today
