

# Spandau Ballet, This is the love

This Is The Love  
This Is The Love

I was miles away  
Last rhythm ion another day  
Stepping out  
But feet clay  
To get back

Couldn't buy more time  
Couldn't even spear the time  
And than the world goes all so blind  
You came by

This Is The Love  
This Is The Love  
This Is The Love  
This Is The Love  
I was really on the train  
That wouldn't come again  
And it passed like summer rain  
Yeah, This Is The Love

This is the street I knew  
Confine that to you  
No one want tell me what to do  
I was right

This walls we build are height  
You could touch the sky  
So the roof right of the sky  
So we can fly

This Is The Love  
This Is The Love  
This Is The Love  
This Is The Love  
I was working on the skim  
To build the...  
Now i look into your dreams  
Yeah, This Is The Love
