Spirogyra, I Gotta Woman

I gotta woman, oh I'm so happy Man it's my heyday, I got a lady I gotta woman, wo-wo-woman I never thought that love could be this way I never thought that you could come my way I gotta woman, wo-wo-wo-woman

I used to walk in the shadow I used to walk in the rain I used to think that my mind was insane But then you took away all the pain

If it's a showdown, you're feeling low down Don't think you'll find your personal heaven Look for a woman, wo-wo-wo-woman
