

Split Enz, Voices (N Finn) 3:29

Wander through the library

Volumes of the deceased

There's no happy endings

History has been cruel

Feel the blood of ages

Flowing through my veins

Still there is no reason

I wonder what's coming

I hear voices

Leading me on

The wise and the strong

Wander through the forest

Losing track of time

Lessons in green and gold

Been growing on for years

I hear Voices

Leading me on

Urging me on

I hear Voices

Leading me on

Urging me on

The wise and the strong

The lost cat (E.Rayner) 5:40
