## Split Enz, Voices (N Finn) 3:29

Wander through the library

Volumes of the deceased

There's no happy endings

History has been cruel

Feel the blood of ages

Flowing through my veins

Still there is no reason I wonder what's coming I hear voices Leading me on The wise and the strong Wander through the forest Losing track of time Lessons in green and gold Been growing on for years I hear Voices Leading me on Urging me on I hear Voices Leading me on Urging me on The wise and the strong The lost cat (E.Rayner) 5:40 -===- Instrumental -====
