

# Sprung Monkey, Jojo

It's catching up the time that's gone by  
And mirrors reflect the worries in my eyes  
Submerge me in your expectations  
I'll dazzle you with my performance  
Someday I just might take your life  
But for now why ruin the mood

I can see your hands caressing me  
So breathes a killer so breathes a lover

I saw something in you that I liked  
And tried so hard to destroy it  
And I everything I loathe, I somehow became it  
And everything I love, well I could not sustain it

I can see your hands caressing me  
So breathes a killer, so breathes a lover  
And I can hear your face and see your screams  
So breathes a killer, so breathes a lover

Come inside, come inside  
I come inside you, I cum inside you  
You used to be my friend  
You used to be my best friend  
You used to be the person that I want to spend my life with  
But now she's growing up  
She's about to taste the world  
Well sink or swim my friend  
Just spit out as much as you swallow

I can see your hands caressing me  
So breathes a killer, so breathes a lover  
I can hear you face and see your screams  
So breathes a killer, so breathes a lover
