

# Squad Five-O, Keep Me Up At Night

All this talking has turned dangerous  
Oh you speak so many languages  
You could be spilling out your heart  
And I wouldn't understand at all

You know you got me thinking I should be swallowing my pride  
But is it pride or the choking that comes before the fall  
You say I got you worried, 'cause I drink too many beers  
And each bottle's adding up to the sum of all your fears  
So I take the two drink maximum  
With minimum regret on the rocks

Cuz I know that I don't have nothing, yeah  
And I don't need nothing, yeah  
Cuz it don't mean nothing, yeah  
If I don't have you

Last night, tonight, three nights, four  
How many more nights will I spend on the couch or the floor  
I never got an indication that there might be something wrong  
So I'd invite the invitation to make out and move on  
So come on I say, "I'm number one can't you see"  
You say "You don't look that way to me, at your very best you're number three"  
And hell, I'd take four or five, if that would guarantee your company  
Lying next to me

Cuz I don't have nothing, yeah  
And I don't need nothing, yeah  
Cuz it don't mean nothing, yeah  
If I don't have you

Would it help to say I'm sorry  
Would you believe me if I try  
If I looked you in the face  
Would you look me in the eye  
If I kept all of my promises  
Would you keep me up at night
