

# Square Heads, Happy

One day, you came to me  
Freed me from misery  
I touched the music in you  
You started to feel so happy  
Makes me jump up and down  
You know my heart gets a beat  
Each time that we meet  
I am so happy I met you

Happy  
I am feeling so happy  
I'm gonna go happy  
You make me so happy  
Can't you see I'm happy now

One day, you said to me  
Happy is where I wanna be  
One plus one makes it two  
That equals me and you  
Each time we make love  
Until the day I met you  
All of my dreams came true  
I am so happy I met you

Happy  
I'm feeling so happy  
I'm gonna go happy  
I'm gonna be happy  
Can't you see I'm happy now

I know I want to be happy one day with you  
Now I want to be happy with you my baby  
My baby, my baby...

Happy  
I'm gonna be happy  
I'm gonna be happy  
Can't you see I'm happy now
