

# St. Lucia, Elevate

I don't know how you do it  
But somehow you've always will be there  
And there's nothing to it  
But somehow you've always understand

There's no way to wake up now  
Too many times I saw you cry  
No one can make up a bit  
You wait for the sun to make the sky

(No one) elevate to, elevate to now  
(No one) is going to take you, going to take you there

All this time, never thought I would see you smile  
Know that I, and I know that I see it now  
But I know I can't walk it  
Never go back again  
No matter how, tonight I'll  
Never go back, never go back again

No one elevate to, elevate to now  
No one's going to take you, going to take you there  
No one elevate to, elevate to now  
No one's going to take you, going to take you there

No one elevate to, elevate to now  
No one's going to take you, going to take you there  
No one elevate to, elevate to now  
No one is going to take you, going to take you there
