St. Vincent, Fast Slow Disco

i sway in place to a slow disco a glass for the saints and a bow for the road

am I thinking what everybody's thinking? I'm so glad I came but I can't wait to leave?

slip my hand from your hand leave you dancing with a ghost slip my hand from your hand leave you dancing with a ghost

there's blood in my ears and a fool in the mirror and the bay of mistake couldn't get any clearer

am I thinking what everybody's thinking? I'm so glad I came but I can't wait to leave?

slip my hand from your hand leave you dancing with a ghost slip my hand from your hand leave you dancing with a ghost

don't it beat a slow dance to death? don't it beat a slow dance to death?
