

St. Vincent, Teenage Talk

Carry got the list of times
Now, that she really done, done
Its always wants blank files
Telling us we were terrified
We sneaked up that night
Roll the Chrysler down the driveway
Once we were inside
Couldn't figured out where we were off to

The was before we had made
That terrible mistakes
That's just Teenage Talk
I don't think the past is better, better
Just coz it's ... and flat
Protected us from our now and later
How do you see me now?
Now than I am a little bit older, older
Nevermind the albatross
Smolder in on my shoulder, shoulder, shoulder
