

Stage Fright Remedy, Take Me Home

Long day,
Short life,
Feeble minded for so long,
I make believe,
And pretend that I'm strong.

Big dreams,
Weak minds,
I fall apart so often,
All my hopes are failed from the start.

Take me home,
It's an uphill slope and I just can't cope.
I'm feeling lost and all alone.
Won't you find me?
Take me home?

It takes some pain to give your all.
Each time I'm up, I falter.
I'm wondering why I even try.
One foot in front, one foot behind me.

Take me home,
It's an uphill slope and I just can't cope.
I'm feeling lost and all alone.
Won't you find me?
Take me home?

Don't wanna be alone tonight,
I'll find my way.
I'll do what's right.

Take me home,
It's a place I know.
I've found my hope.
I'm not lost,
I'm no longer alone,
You found me,
You took me home.
