

# Stanek, Give me a hug

Even if I do know your name  
Even if I not dare  
Even if I found my heart  
On pieces down on the floor  
You don't have to be my friend  
Take my heart  
And grab myself  
That's gonna be alright  
That's gonna be ok.

We're beautiful things together  
We can do our things forever  
.. happiness to the world  
You could be my other heart

Even if you can't keep smiling  
Even if I stand crying  
Even if get bored I can cheer you up with tis one glance  
You don't have to be worry  
Just take my love  
Give me a hug  
That's gonna be alright  
That's gonna be ok.

We're beautiful things together  
We can do our things forever  
.. happiness to the world  
You could be my other heart
