

# Star Eternal, Exclusion Zone

The chilling siren chimes through the walls of N.O.R.A.D.  
Confirmed a verified threat this is no false alarm  
Connect to the head of state  
As systems go online, secure the blast doors  
Decisions made on the fly five minutes time from now  
We enter the third world war

Run towards the light  
One step beyond this life  
We cross the line  
Nobody left will remember  
Pass right on through this fire  
Our final crime  
Nobody left to remember  
The Exclusion Zone

Hear the doomsday clock as it's striking midnight  
A curse upon the land has only just begun with darkness upon us  
Those who sought to rule, embrace their new home  
The winter come from the sides but there's no hope for all  
Left in the exclusion zone

Run towards the light  
One step beyond this life  
We crossed the line  
Nobody left will remember  
Pass right on through this fire  
Our final crime  
Nobody left to remember  
The Exclusion Zone
