

Starflyer 59, A Lists Go On

A lists go on
We know you've tried
But you're getting on your knees
For the same old wrongs
God knows I've tried
Can you help me to see

Who's afraid, because they're moving on
They're moving on
So is this my life
Maybe so

It's the same old song
It trips up my life
Can you help me please, I need
Someone who is strong
I know I've tried
Can you help me to see

Is this my life
Maybe so

Because no one ever listens
So tell me what's the difference
