

Starmaker, I Cant Explain

There's a silence it's growing
Between us seems both you and I know
The words unspoken
The questions hanging in the air now
I can't see how we're getting anywhere

There's a line between love
And something that we've quietly crossed
The feeling that we both have lost
I'm not sure we can ever find again

I can't explain
Why love lost its glow
And it slipped away
How did it go?
I just can't stay
My heart leads the way
When tomorrow comes
I may be on my way

The future that we once thought we had
Turned into a past
Fading fast and we tried
But couldn't make it last
And I still vanish
Now we're standing here

I can't explain
Why love lost its glow
And it slipped away
How did it go?
I just can't stay
My heart leads the way
When tomorrow comes
I may be on my way

What's nothing
What's something
What's love to you
What's life about
Just being
I'm feeling your soul

I can't explain
Why love lost its glow
And it slipped away
How did it go?
I just can't stay
My heart leads the way
When tomorrow comes
I may be on my way

I cant explain
I may be on my way
My heart leads the way
When tomorrow comes I may be on my way'
