

# Static X, Kill Your Idols

Cosmetic photogenic  
His pain is feeding me now  
Mechanical the passion  
Your head is bleeding, slow down  
Can't keep doing this  
What you want me to  
Marching sheep herd said  
See my broken head  
Live your own life  
I got myself  
Out of my sight  
Kill your idols  
It's ugly, you see  
I don't care what you think now  
Forgive, forget  
Don't take the easy way out  
Can't keep doing this  
What you want me to  
Marching sheep herd said  
See my broken head  
Live your own life  
I got myself  
Out of my sight  
Kill your idols
