

# Status Quo, Rockin' On

(Rossi/Frost)

I tell you that it makes me feel so happy  
When I'm back here someday slow some speedy  
Now I'm on the go again - never letting go again  
Will you then  
Won't you then  
Try again - try again please  
If you like what I like come rock with me  
If you like what I like  
Oh, I'm rockin' on  
Oh, I'm rockin on

I'm with you and I feeling so much better  
Something tells me the future looks more easy  
When I'm on the go again  
Never letting go again  
Will you then  
Won't you then  
Try again - try again please  
If you like what I like come rock with me  
If you like what I like  
Oh, I'm rockin' on  
Oh, I'm rockin on
