

# Steadman, Let Down

Hardly stepped out from the house  
Am I man or am I mouse?  
(Let Down)  
I forget just who I am  
What I've done, what I've got planned (Let Down)

Give me something else  
Give me something that will keep my flame burning brighter  
Give me something else  
Give me something that will lift me up higher and higher

What a Let Down  
What a Let Down  
I will always aim to please  
What a Let Down  
What a Let Down  
I could bring you on your knees

Couldn't find the space to breathe  
Didn't have the guts to leave  
(Let Down)  
Got the joke but didn't laugh  
Never gave an autograph  
(Let Down)

Give me something else  
Give me something that will entertain me for hours  
Give me something else  
Give me something that will fill me with special powers

What a Let Down  
What a Let Down  
I will always aim to please  
What a Let Down  
What a Let Down  
I could bring you on your knees
