

# Steadman, No Control

When I interfere I find the outcomes more severe than I first thought  
Shouting in your ears has never got me anywhere but I can't stop

Dug in so deeply  
I cannot get out  
Say you outlive me  
I could die right now  
Could you forgive me?  
Would you forgive me?  
What is the answer?  
I have been shot down

I'd be nobody on my own  
Shout through the silence  
... no one home  
No control

Ths things far from ordinary  
I've never felt I couldn't carry on  
You know what you mean to me  
But I paralyse our love a lot

Dug in so deeply  
I cannot get out  
Say you outlive me  
I could die right now  
Could you forgive me?  
Would you forgive me?  
What is the answer?  
I have been shot down  
I have been shot down

I'd be nobody on my own  
Shout through the silence  
... no one home  
No control ... I can say it's nothing  
No control ... but we know it's something
