Steel Pulse, Better Days

David Hinds Uptight everything is all right Outta sight it's all right There's light at the end of the tunnel Pay at the end of the day Thanks that me don't have to grumble Goodness is coming our way It's all right it's all right It's all right it's all right I do remember I do recall The magic moments when we stood so tall A nation to be respected A nation full of pride So shake the bluesy feeling That is hurting you inside Hurting you inside **CHORUS** There's better days ahead for us You need not fret nor worry Oh yes this time around my friend I'm sure you won't be sorry They say how the future Is guided by your past Through trials and tribulation Yes we were meant to last So hold on to your hope and dreams For all that it's worth Cause I know the day will come When the meek shall inherit the world **KEVIN B RAP** Yeah yeah yeah yeah If you uptight Everything's all right Outta sight It's all right They'll be better days don't you worry

A positive way you won't be sorry

It's all right it's all right
