Steppenwolf, Monster/Suicide/America

(MONSTER)

Once the religious, the hunted and weary Chasing the promise of freedom and hope Came to this country to build a new vision Far from the reaches of kingdom and pope Like good Christians, some would burn witches Later some got slaves to gather riches But still from near and far to seek America They came by thousands to court the wild And she just patiently smiled and bore a child To be their spirit and guiding light And once the ties with the crown had been broken Westward in saddle and wagon it went And til the railroad linked ocean to ocean Many the lives whic; h had come to an end Wile we bullied, stol and bought our homeland We began the sloughter of the red man But still from near and far to seek America They came by thousands to court the wild And she just patiently smiled and borre a child To be their spirit and guiding light The blue and grey they stomped it They kicked it just like a dog And when the war was over They stuffed it just like a hog And though the past has it's share of injustice Kind was the spirit in many a way But it's protectectors and friends have been sleeeping Now it's a monster and will not obey

(Suicide)

The spirit was freedom and justice And it's keepers seem generous and kind

It's leaders were supposed to serve the country But now they won't pay it no mind 'Cause the people fat and got lazy And now the vote is a meaningless joke They bable about law and order But it's all just and echo of what they've been told Yeah, there's a monster on the loose It's got our heads into a noose And it just sits there watchin' Our cities have turn into jungles And corruption is stranglin' the land the police force is watching the people And the people just can't understand We don't know how to mind our odwn business 'Cause the whole worlds got to be just like us Now we are fighting a war over ther No matter who's the winner We can't pay the cost 'Cause there's a monster on the loose It's got out heads into a noose And it just sits there watching

(America)

America where are you now?
Don't you care about your sons and daughters?
Don't you know we need you now
We can't fight alone against the monster
