

# Stereomud, Don't Be Afraid

you don't like them stepping on you  
you don't like they make fun of your name  
you don't like they tell you what to do  
when you just try to fit in  
and they're all laughing  
you're left there standing  
don't know what to do

[pre-chorus:]  
when you feel hurt and afraid  
don't show it bothers you  
don't give yourself away  
eyes keep closing  
and your mind's exploding  
and your anger's growing

[chorus:]  
can you stand up for yourself  
don't be afraid  
watch out for yourself  
don't be afraid  
close up your fist  
you are not afraid

don't know how it began  
don't know who said it  
don't know who you can trust  
are they lying?  
it's hard when you pretend  
that they're not pointing  
their fingers feel like someone's pushing you

when you feel better afraid

[pre-chorus]

[chorus, repeat chorus]

don't be afraid  
don't be afraid  
don't run, run, run  
feel your eyes keep closing

[pre-chorus]

[chorus, repeat chorus]

don't be afraid
