

# Stereophonics, Girl

I've seen the one  
To take my eye  
She's my Sunday best

She'll blow my mind  
Rob me blind  
Then she'll take the rest

Another drink  
In ya sink  
Down a drunken well

Chasing stars  
Catching cars  
To the moon again

Girl you got me going  
Don't you wanna fly?  
High!

Mirror face  
To her place  
Head's a hazy mess

Falling down  
Look a clown  
Jekyll's out again

Feeling sick  
Lunatic  
Beat myself up well

Call the cars  
Fuck the stars  
Get me down from hell

Girl you got me going  
Don't you wanna fly?  
High!
