

Steve Earle & The Dukes, Days Aren't Long Enough

Another year has come and gone
Another circle 'round the sun
Another thousand tears have fallen
I don't ever count 'em 'cause
I'm surrounded by your love
And days are never long enough

Four more seasons on parade
Show their colors then they fade
But that won't happen to us, darlin'
We'll remember how it was
Then begin again because
Days are never long enough

Time's never late
Isn't bound by our fate
Try as we may
Love might never be found if we wait
Until the sun comes up
On another day my love
Days are never long enough

Time's never late
Isn't bound by our fate
Try as we may
Love might never be found if we wait
Until the sun comes up
On another day my love
Days are never long enough
