

Steve Miller Band, Little Girl

(Steve Miller)

Oh little girl, all mine
Hey, you sure are fine
I'm gonna take you home
That's where you belong

Cause you were born to discover
You're made to love the good things
Yes, you were

Oh little girl, so fine
I'm goin' to make you mine
Reach out my hand
I know you understand

Cause you were born to discover
You're made to love the good things
Yes, you were

Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you

Cause you were born to discover
You're made to love the good things
Yes, you were

Come on

Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you

Cause you were born to discover
You're made to love the good things
Yes, you were
Come on
lii, whoa, yes
