(Perry, Goodrum)

Melody

Even in my life's confusion
I still feel you near
In my dreams
Telling me your not illusion
You belong to me

Melody

I believe in you
Melody
In my heart

Melody

I still reach for you
Hold me melody
Hold me melody

Oh, my love

I'm caught between your rhyme and reason
Why you're here with me
Hold me now
Tell me all the answers
That my heart will ever seek

Oh, my love

I'm caught between your rhyme and reason
Why you're here with me
Hold me now
Tell me all the answers
That my heart will ever seek
