

# Sting, Come Down In Time

In the quiet silent seconds  
I turned off the light switch  
And I came down to meet you  
In the half light the moon left  
While a cluster of night jars  
Sang some songs out of tune  
A mantle of bright light s  
Shone down from a room

Come down in time I still hear her say  
So clear in my ear like it was today  
Come down in time was the message she gave  
Come down in time and I'll meet you half way

Well I don't know if I should have heard her as yet  
But a true love like hers is a hard love to get  
And I've walked most all the way and I ain't heard her call  
And I'm getting to thinking if she's coming at all

Come down in time I still hear her say  
So clear in my ear like it was today  
Come down in time was the message she gave  
Come down in time and I'll meet you half way

There are women and women and some hold you tight  
While some leave you counting the stars in the night
