

# Sting, Electron Romance

Laser licks the lighting love  
And a phaser flicks in a phaser flood  
And you see my love - starting to see love  
How can you be my love - "Found in a phaser love?"

With a magical motion we dance in a dream  
Happy to be

Electron Romance  
Magnetic mating dance

You've got me floating - you've got me floating along  
Got me hoping - really got me towing a line  
You've got me hopping - really got me singing a song  
You've got me hopping - got me bopping I won't be stopping till you go

Humming like a dynamo  
Baby you're a dynamo  
See it on the video  
Everything you want to know  
Well you don't need to fear no leader  
You don't need it now because we're all part  
A fantastic heart of a great big you somehow  
When you've got love the stars above all shine for you right now

With a magical motion we dance in a dream  
Happy to be (repeat)  
Laser licks like lighting love  
And a phaser flicks in a phaser flood  
And you see my love
