

Sting, I Burn For You

Now that I have found you
In the coolth of your evening smile
The shade of your parasol
And your love flows through me
Though I drink at your pool
I burn for you, I burn for
You and I are lovers
When night time folds around our bed
In peace we sleep entwined
And your love flows through me
Though an ocean soothes my head
I burn for you, I burn for
Stars will fall from dark skies
As ancient rocks are turning
Quiet fills the room
And your love flows through me
Though I lie here so still
I burn for you, I burn for you
I burn...
