

Stitches, Brick In Yo Face

Now what you gon' do with it? /12x

I put that brick in your face
Now what you gon' do with it?
Now what you gon' do with it?
Now what you gon' do with it?
Better have my money when I come to collect
Better have my money when I come to collect
Pay up, pay up, pay up

You better have my money when I come to collect (Pay up)
I got a bullet in the chamber and it's ready to eject
You ain't a man, you's a kid, call it child neglect, little boy
If you wanna shoot a fade, I'll leave your face leakin'
You better not tell the police I did it
Out in Dade County, everything goes
Always at the scene with some blood on my clothes
Then I go sell coke to your ho
Sorry if you didn't know
That your girl love my blow
One hit, now the girl on the pole
I love sellin' blow /4x

I put that brick in your face
Now what you gon' do with it?
Now what you gon' do with it?
Now what you gon' do with it?
Better have my money when I come to collect
Better have my money when I come to collect
Pay up, pay up, pay up
