

# Stone Roses, Breaking Into Heaven

I've been casing your joint for the best years of my life  
Like the look of your stuff, outta sight  
When I'm hungry and when I'm cold  
When I'm having it rough  
Or just getting old  
Listen up sweet child of mine  
Have I got news for you  
Nobody leaves this place alive  
They'll die and join the queue  
Better man the barricades  
I'm coming in tonight  
Had a line of my dust, outta sight  
When I wander and when I roam  
I'll find a soul I can trust  
I'm coming home  
Listen up sweet child of mine  
Have I got news for you  
Nobody leaves this place alive  
They'll die and join the queue, sing it  
I'm, I'm gonna break right into heaven  
I can't wait anymore  
Heavens gates won't hold me  
I'll saw those suckers down  
Laughing loud at your locks when they hit the ground  
Every icon in every town  
Hear this your numbers up  
I'm coming round  
Listen up sweet child of mine  
Have I got news for you  
Nobody leaves this place alive  
They'll die and join the queue, sing it  
I'm, I'm gonna break right into heaven  
I can't wait anymore  
How many times do I have to tell you  
You don't have to wait to die  
You can have it all  
Anytime you want it  
Yeah, the kingdom's all inside
