

# Stone Temple Pilots, Meadow

Rise and shine  
climb in time  
there's something about you

do you think you can dance?  
cause I'm waiting outside  
fade away  
and I know

sing a song  
make a love  
there's something about you

all I need is a chance  
and I am willing to play  
not a day  
but on and  
on and on

yes we wrong..  
here in the sun  
where there's nowhere to hide

...  
I was finding in the meadow
