

# Stonewall Jackson, I Wish I Had A Girl

I wish I had a girl someone to love me true  
I wish I had a sweetheart just like you  
Someone to hold me close and never break a vow  
And I know that we could get along somehow

We may not have these great big things or money  
But please I need someone to love me now  
A pretty little thing like you a sweetheart just like you  
And I know that we could really get along

[ steel ]

I've never had a love and life's no good alone  
I've never had someone to call my own  
And when I'm close to you the whole world seems brand new  
So I know that we could really get along

We may not have these great big things or money...  
Yes I know that we could really get along
